Your number one in tiles

PVC panels are a modern and practical solution for interior wall and ceiling coverings. They perfectly imitate the look of **marble, stone, or concrete**, offering an elegant appearance without high costs or demanding maintenance.

PVC panels are installed directly onto the wall using mounting adhesive, with no special surface preparation required. Installation is quick and easy, **making it possible to transform your interior in just one day.**

- **Resistant to moisture and bacteria**
- **Waterproof**
- **Heat-resistant**
- **Washable**
- **Dimensions: 2.80 × 1.22 m
or 2.60 × 1.22 m**

PVC panels save your time and money
